PROFESSIONAL SUMMARY

Motivated and enthusiastic Computer Science undergraduate at Sri Lanka Institute of Information Technology (SLIIT) with hands-on experience architecturalizing academic full-stack applications. Deeply skilled in Java programming, clean software engineering paradigms, and structural database development. Possesses robust team collaboration, communication, and leadership capabilities honed through continuous management of university modules and institutional extracurricular boards. Highly passionate about implementing modern software systems, learning advanced tools, and delivering high-quality industry engineering frameworks.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)

BSc (Hons) in Computer Science

2024 – Present

Richmond College

Primary & Secondary Education

2010 – 2023

G.C.E. Advanced Level (Physical Science Stream)

Combined Mathematics	S
Chemistry	S
Physics	S
General English	A

G.C.E. Ordinary Level

Achieved **9 A Passes** including Mathematics, Science, English, Sinhala, History, Tamil, and Western Music.

ACADEMIC ENGINEERING PROJECTS

UniStay Boarding Management System

Completed

Academic Group Project

- Engineered a centralized management portal to optimize student boarding, pricing parameters, and rental accommodation metrics.
- Built end-to-end user workflows, incorporating full tenant registration frameworks, modular room allocation routines, and record updates.
- Applied sound object-oriented logic and complex backend design patterns to reinforce architecture safety.

Java

MySQL

OOP Principles

Database Design

TECHNICAL CAPABILITY

LANGUAGES

Java, C, JavaScript, HTML5, CSS3

DATABASES & TOOLS

MySQL, Git, GitHub, Visual Studio Code, IntelliJ IDEA

CORE COMPETENCIES

Object-Oriented Architecture, Data Structures, SDLC Models, Relational DB Design, Distributed Processing, Software Testing

LEADERSHIP & EXTRA-CURRICULARS

Student Prefect Board

7 Years

Richmond College

IT Club Board Member

5 Years

Richmond College

Senior Western Band

3 Years

Richmond College

New Inventors Club

Richmond College

College Scout Troop

1 Year

Richmond College

LANGUAGES & SOFT SKILLS

LANGUAGES

Sinhala (Native), English (Professional Working), Tamil (Basic)

KEY ATTRIBUTES

Team Sync, Technical Analytics, Presentation, Scope Management, Attention to Detail

Distributed Payment System

Completed

Academic Team Project

- Collaborated in an agile engineering tier to conceptualize and deploy an active, failure-tolerant distributed transaction system.
- Configured message safety layers, interface components, and cross-node validation pipelines to handle atomic payments securely.
- Managed concurrent feature integration, branch structural changes, and code reviews within centralized Git protocols.

Java

Git & GitHub

Distributed Systems

Software Engineering

Salon Sanaru Management System

Completed

Academic Team Project

- Architected a commercial operations portal targeting automated client bookings, service allocation tracking, and digital user logging.
- Drove modules through the entire Software Development Life Cycle (SDLC) from specification mining to design testing.
